**Dear Sir/Madam,**

**Subject: Disclosure pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.**

**Reg: META | 534535 | String Metaverse Limited (“The Company”)**

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“SEBI LODR”), we wish to inform that the Company has appointed Mr. Sai Kotha Venkata, former technology leader at Capital One Inc. (USA, Virginia), as Technical Advisor to String Metaverse Limited.

Mr. Sai Kotha Venkata brings approximately 19 years of experience in managing large-scale, mission-critical systems and strategic technology initiatives serving millions of users in enterprise environments. He has significant expertise in scalable architecture, distributed systems, enterprise platforms, and technology transformation. In his advisory capacity, he will support the Company’s technology architecture, artificial intelligence deployment strategy, and enterprise-scale infrastructure initiatives.

Further, the Company has initiated a strategic program to establish a global Agentic Workforce Platform, aimed at deploying autonomous artificial intelligence agents across financial markets, payments infrastructure, and enterprise operations.

In this regard, the Company proposes to establish a Singapore-based technology entity to develop and operate the Agentic Workforce Platform. The entity will be led by Mr. Krishna Mohan Meenavalli, Executive Director of the company who holds a Master’s degree in Finance and has experience in high-frequency trading platforms and capital markets technology. Mr. Krishna Mohan Meenavalli will oversee the global deployment of agent infrastructure in collaboration with Mr. Sai Kotha Venkata

The initiative is expected to focus on the following areas:

- \*Tokenization of real-world assets (RWA)
- \* AI-driven risk management and financial intelligence systems
- \* High-frequency trading and market-making technologies
- \* Capital-efficient automated financial strategies
- \* Agent-to-agent commerce and micropayment infrastructure powered by stablecoins
- \* Autonomous enterprise operational systems
